Press Release October 2007 Mastervolt Secures Maritimo Contract

Mastervolt Australia has secured the OEM contract to supply Maritimo, designers & builders of luxury long range cruisers all of its requirements for inverter/chargers on their entire range. This includes the 48, 52, 60 & the new 550 Offshore Convertible. All models over 52ft have 2 x Combi's fitted in parallel as standard.

With their C60 Sports Cabriolet coming on line shortly and the remainder of the Sports Yacht range in the wings, Maritimo have become a major player in the Australian & international boat building scene. Owned and operated by the legendary builder Bill Barry-Cotter and with his vessels being exported around the globe, Mastervolt Australia are excited at the acquisition of Maritimo as a major marine client.

Bill Barry-Cotter has quoted "When cruising the oceans of the world, comfort is desirable and reliability is essential, that is why we choose Mastervolt"
